

W. M. A. CLOSES MOST SUCCESSFUL YEAR

(Continued From Page One)

and Wentworth never had a more enjoyable Senior Hop.

The graduating exercises were held Tuesday. Col. Sellers spoke briefly on the success of the past year and introduced the speaker of the occasion, the Hon. John H. Atwood of Kansas City. The distinguished visitor delivered one of the finest addresses heard at Wentworth in years. He was an orator of grace and ease, and his thought-provoking utterances were lightened by touches of rare humor. His audience frequently applauded as he appealed for re-blooded Americanism in the education of our boys, and as he brought home the lessons of the great war.

The honors for the year were awarded by Major Latham, and then Judge Richard Field, President of the Board of Trustees, gave out the diplomas to eighty-four graduates with appropriate remarks.

For Bed, Board and Laundry.

Here is a perfect gem of misapplied English from a woman answering an advertisement for a French governess "au pair": "I know a little English, and could give easy, at once, lessons in French, for which I will be astonished, lying down, and bleached, who, I think, are the conditions 'au pair'."—Boston Transcript.

Ain't It So?

"Spoken of musical instruments," remarked the facetious fellow, "there's no music as pure to the ears of a business man as hearin' 'Taps' played on his cash register."—Indianapolis Star.

Death of Miss Bessie Jones.

Miss Bessie Jones, a former resident of this city, died Tuesday at her home in Kansas City. She is survived by three brothers, Herbert V., and Elliott H. Jones of Kansas City, and A. A. Jones of Seattle, Washington. The funeral was held yesterday afternoon at 3 o'clock.

Orioles.

As for myself I am turned contractor of hammock netting for the orioles, taking my pay in notes. I throw strings out of the window and they snap them up at once. They sit in the cherry trees hard by and warble, "Hurry up! hurry up!" I never found out before just what they said. But if you will listen you will find that this is what they first say. A vulgarism, I admit, but native.—Lowell.

Wisdom in Saving.

A pun may, if he knows not how to save as he gets, keep his nose all his life to the grindstone and die not worth a groat at last.

Knew Where It Would Land.

Lawyer—"Yes, sir! We can settle up this estate for you in about eight months." The Principal Heir—"But can you wait that long for the money?"—Judge.

Arabian Hides Grade Well.

Arabian skins coming into the world markets through Egypt and the Sudan originate exclusively in Jeddah and places in the vicinity of Mecca. They embrace cattle hides, sheep skins, goat skins and camel hides, and are generally dry salted. Arabian hides are limited in quantity; the quality, however, is excellent.

County Fete Notes.

Wellington will be represented by a "Balloon Brigade" of children with Miss Lindquist as leader. Miss Alice Wulfekammer's Canning Club will march in the procession. Prominent farmers and their wives will assist in the reception. Pretty girls and farm children will add to the attractiveness of the Wellington representation.

PLEASE—Anyone who can supply a good sized wall tent or any other kind, for use as a rest room, June 7, evening, please notify Miss Glasse at Higginsville at once. If you can supply one or two tents large enough to use for dressing rooms for the players, please let us know.

The various chairmen report fine prospects for a big crowd from each of the various towns in the county. Come and make it bigger.

Dover and Aulville children will unite in an unique number for the procession.

Bates City is to be represented by children in the procession with pretty caps and wreaths. Representative farmers and town people will insure Bates City's representation.

Waverly is represented especially by Mrs. Webb and Miss Cauthorn, who represent the many big horticulturists of Lafayette county. Prominent farmers, pretty girls and children also are prominent in the Waverly delegation.

Draw a circle around June 7, and plan to start early and fill the car full. None should miss the big County Fete. All the other 'folks' will be there.

Frank Stewart recently sold his fine gelding, Rex Carona, to Mrs. Loula Long Combs of Kansas City, for \$600.

Chaplain O. R. Sellers, 17th Field Artillery, A. E. F., arrived home Saturday morning.

Dr. Evan S. Connell Promoted.

Dr. Evan S. Connell, formerly a practicing physician in this city, living at 3301 Virginia, has been promoted in France from a lieutenant to captain and assigned to duty at camp hospital No. 53 at Marseilles, as chief of the eye, ear, nose and throat clinic there. This is considered by the medical corps of the A. E. F. one of the prize appointments in France.

Dr. Connell had just finished a post-graduate course in eye, nose and throat treatment at the University of Vienna, when the war commenced. He had difficulty in getting home on account of the reluctance of the Austrian government to issue passports.

Upon his return to the United States, he began his practice and offered his services to the medical corps of the army in June, 1917, after the United States entered the war. He was given a commission as first lieutenant, and served at Camps Funston, Dodge and Taylor, and from the latter place he was sent overseas with evacuation hospital No. 18. This unit arrived in France in August, 1918, and immediately went to the front and took part in the care of the men wounded in the Argonne-Meuse and St. Mihiel offensive. Dr. Connell's special duty was the care of the men whose eyes were affected by gas.

After the armistice he was sent to Briey, where he worked in a hospital that had been used by the Germans as a base hospital in the battle of the Marne.

When Dr. Connell received the promotion and assignment to the Marseilles hospital, he was with evacuation No. 18 at Brest, waiting for transportation to the United States. The new assignment will prolong his stay in France indefinitely. Captain Connell is a son of Dr. W. A. Connell, 608 Commerce building.—Kansas City Post.

Captain Connell was born in Lexington, and is a nephew of Mrs. M. C. McFadin. His relatives and friends, and friends of his parents in this vicinity, congratulate the young man on his success.

Watch the Saucer.

Best Government.

The proper function of a government is to make it easy for people to do good and difficult for them to do evil.—Gladstone.

Household Hint.

"Albert, I want you to see the new dining room set Mr. Brown has bought for his wife. It would just match our wall paper."

100,000 PERSCRPTIONS WERE FILLED BEFORE "40" WAS DISCOVERED

J. C. Mendenhall, Evansville, Ind., spent 40 years in the drug business, compounding over 100,000 perscriptions from physicians educated in Europe and America before "Number 40 For The Blood" was discovered; the great specific for all blood diseases. Successfully employed in diseases of the glandular system, in blood poison, mercurial and lead poisoning, chronic rheumatism, catarrh, constipation, hepatic congestions, dyspepsia and stomach troubles, sores, ulcers, nodes, tumors and scrofulous swellings that have withstood

all other treatment yield to "No. 40."

As It Seemed to Her.

A small daughter who appeared in the upper hall on the night her mother was giving a dinner party happened in time to catch a glimpse of a handsome woman in a décollete gown. The next morning the first question she asked was: "Who was the pretty lady in the skirt?"

Mending Knives and Forks.

To mend a knife or steel fork which has come out of the handle, fill the hole with finely powdered resin and hold the rough end of the knife or fork in the fire until it becomes hot. Insert it in the powdered resin and hold it straight until firmly fixed.

You Need More Than A Laxative

To correct constipation, all organs of digestion and elimination should be helped. Try NR and see how much better you feel.

NR Today—Keeps the Doctor Away

To live and be healthy, your body mechanism must properly digest your food, extract all the nourishment from it and promptly throw off the waste that is left. This is accomplished by the processes of digestion, assimilation and elimination—the work of the stomach, liver, kidneys and bowels.

The failure of any of the vital organs to do its work properly affects the action of all the others. A forced bowel movement does not help constipation; it only relieves for a few hours the condition that constipation brings about.

Now if you are used to taking so-called laxative pills, oil, purges and the like, you know mighty well you've got to be taking them all the time. Moreover, if you stick to any one laxative, you've got to be increasing the dose all the time. That can do you a lot of harm.

Stop doing yourself with such things just long enough to give Nature's Remedy (NR Tablets) a trial, and let the results show the difference. NR Tablets are not mere bowel movers; their purpose is to correct the condition that induces constipation and give you real,

genuine, lasting benefit: to improve your digestion and assimilation, give you a good hearty appetite, regulate your liver and bowels, tone up kidney action and give your poison-clogged body a good cleaning out.

Nature's Remedy (NR Tablets) is not harsh; it is mild, easy, pleasant in action; no griping or pain ever follows its use, but it is thorough and sure. By its action on the digestive organs it promotes assimilation, which means extraction of full nourishment from your food, and thereby gives you new strength, energy, better blood, better appetite. By toning, not irritating your liver, NR sends bile into the intestines, improving intestinal digestion. Lastly, by gently encouraging more vigorous bowel and kidney action, NR drives poisonous impurities out of and cleans up your body.

Try Nature's Remedy (NR Tablets) and just see how much better you feel in every way. Get a 25c box today and take one each night for a week. You'll say you never felt better in your life. NR is sold, guaranteed and recommended by your druggist.
